Subject: RE: Sewage Spill data

Is EPA Region 6 aware? Can you provide supporting information?

Subject: Sewage Spill data

EH crew,
Reading through the FEMA social listening report yesterday I saw mention of a huge raw sewage spill in the area surrounding Houston (Fort Bend)- do we have access to any data on that (OR other sewage spills that have occurred since the disaster)? Specific location of spills, affected range? Trying to get some info for a needs assessment and any info would help.
Thanks!
